  - Materials used in the construction of the kiosk are mainly steel and will not contribute to a surrounding fire. Plastic parts inside kiosk will melt, but not burn.

## Technical specification

- Dimensions:
  - s32 (HxWxD): 195x70x30 cm | 76.8 x 27.6 x 11.8"
  - s32 on concrete base (HxWxD): 202,5 x 100 x 61,5 cm | 79.7 x 39.4 x 24.2"
- Weight:
  - s32: 335kg | 738.55 lb
  - s32 on concrete base: 540kg | 1190.50 lb
- Colours: Black, Grey, White. Custom colours optional
- Power supply: 110-240V 50-60Hz
- Power Consumption: 150 W
- Internet: Cable and Wi-Fi (onboard 4G backup)
- Operational area: Outdoor and indoor
- Operational Temp: -20°C - +50°C
- Touch screen size: 4,3", optional sizes: 7"
- Operated over internet from user's phone
- Fully digital customer journey
- Optional RFID/NFC
- Optional QR code reader
- Optional 4G Router and Wi-Fi Hotspot

## Security and maintenance

- The s32 kiosk is certified by RISE according to EN 1143-1:2019
- Grade 0 (EU standard). It is also insurance approved by FG (Forsikringsselskaperenes Godkjennelsesnevnd) and Danske Sikringsguiden SPCR 201

### Maintenance

- All kiosks are remotely diagnosed and controlled in case of fault situations. The kiosk will alert operations center in case of malfunctioning or any tilting or break in attempts performed.
- Software updates are done remotely. Kiosks under maintenance contract will receive yearly preventive maintenance.
- Daily operations and removal of snow, dust, and other smaller objects to be performed by local operator (Sharebox customer).
